

Good morning,

Here is some further information on the Government Job Retention Scheme:

- Employees must be furloughed for a minimum of 3 weeks
- The scheme does not apply to staff taken on after 1 March
- Employees can do voluntary work but this must not generate any income for the employer

Iain Jenkins has been putting together our updates. Please contact him on i.jenkins@mccormicks-solicitors.com if you require any assistance.

Kind regards

SONIA JONES
